

AL-THURYA GENERAL
GENERAL TRADING AND CONTRACTING CO.

About Company

With over 26 years of experience, Al-Thurya General Trading and Contracting Co. has established itself as a trusted leader in radiation services in Kuwait. Founded by Sheikh Fahad Al-Sabah in 1996, our company has grown into a key player in delivering specialized radiation solutions across multiple sectors, including medical, industrial, oil and gas, and security. Our dedicated team of skilled professionals is committed to upholding the highest standards of safety and productivity.

Our Vision

► Borders and Port Radiation Portal Monitor

To be the leading operator for radiation portal monitors installed at borders and sea ports.

► NORM Operations

To be the leading provider of NORM (Naturally Occurring Radioactive Material) services in the oil and gas field within Kuwait.

► Comprehensive Radiation Services

To excel in the disposal, leak testing, bunker construction, lead shielding, transportation, storage, and other radiation services.

Why Choose Us

Clients choose Al-Thurya for our unparalleled expertise, commitment to safety, and comprehensive range of radiation services. Our long-standing industry presence, skilled team, and strategic partnerships with leading brands ensure that we provide reliable, high-quality solutions tailored to our clients' specific requirements. We are dedicated to maintaining the highest standards of safety and operational efficiency, making us a trusted partner in radiation services.
